

## ANDREWS LAUDS THE "BOBBIES."

Mayor Low's Special  
Commissioner Says  
London Gets Better  
Police Results.

MEN NOT SO WELL PAID.

Thomas F. Wals, Intimate  
Friend of Belgian King,  
Interested in Redemption of  
Barren Lands of the West.

Gen. Avery D. Andrews, member of  
the committee appointed by the Mayor  
to formulate a new platoon system,  
came home on the Kronprinz Wilhelm  
to-day.

"I went away in August for a rest,"  
he said, "but I have spent most of my  
time examining European police sys-  
tems, particularly that of London."

"What system do they have in that  
city?" was asked.

"Now, I cannot say whether it is a  
two or a three platoon system. How-  
ever, I do know that it is superior to  
our present one, and among the points  
I noted was that in London married  
police men are required to live in the  
precinct to which they are attached.  
The English metropolis has a police  
force of 15,000 men, and while they are  
not so well paid as the New York po-  
lice, I was convinced that far better  
results are obtained from their labors."

Friend of Belgian King.

Thomas F. Wals, a Colorado gold  
mine owner, who is an intimate friend  
of the King of Belgium, was a passen-  
ger on the steamship. He stated that he  
was deeply interested in the project of  
redeeming the barren land of the West  
and that he came over for no other  
purpose than to take part in the session  
of the National Irrigation Congress,  
which will convene on Oct. 5 in Colorado  
Springs.

"One-third of the United States is  
arid land," said he, "and it is proposed  
to direct matters of this sort. The  
reclaimed and kept out of the hands of  
the land sharps for the benefit of the  
poor man who may want a home of his  
own."

Announcement of a big deal in crude  
rubber was made by Col. Samuel T.  
Bristol, R. I., who is president  
of the United States Rubber Company,  
widely known as the Rubber Trust. On  
Thursday the directors of the Trust  
will meet in this city and formally ap-  
prove the arrangements made by Col.  
Colt, whereby the Trust will retire from  
the market as buyers from the general  
importers.

Ten Millions a Year.

"Since the formation of the United  
States Rubber Company \$10,000,000 has  
been expended annually by our com-  
pany in the purchase of crude rubber,  
three-fourths of which come from South  
America and the remainder from the  
Congo region," said the Rubber King.  
It will be immediately to our ad-  
vantage to deal directly with the ar-  
rangement has been entered into with the  
King of Belgium, who controls the  
Congo rubber fields, and Sir Martin  
Conway and Cary & Whitridge, of Lon-  
don, for an option on their Bolivian  
concession for crude rubber.

"The latter proposes to sell the con-  
cession, and the company is incor-  
porated for \$5,000,000."

KING IS UNDECIDED.

Leopold Can Not Say Whether He  
Will Visit Us.

LONDON, Sept. 15.—In a telegram to  
the Associated Press in reply to an in-  
quiry forwarded Saturday, King Leo-  
pold of Belgium himself disposes of  
all the positive announcements and  
denials regarding his visit to the United  
States.

Through his aide-de-camp, Lieut.  
Binge, he sent the following message:  
"To The Associated Press, London.  
"Bagnere-de-Luchon, France."  
"The King, while fully appreciating  
the interest expressed by the Associ-  
ated Press, is really unable to say  
whether it will be possible for him to  
undertake any travels next year."

LOW PRICE CELEBRATION.

Hecht Bros. Favor Customers in  
Observing First Anniversary.

In celebration of the first anniversary  
of the establishment of their firm, Hecht  
Bros., of Nos. 230-261 Sixth avenue, are  
favoring their customers with remark-  
ably low prices just now. The unusual  
character of these offerings may be  
judged from the fact that the prices are  
much lower than the ordinary Hecht  
prices, and these at all times are among  
the lowest in the city.

Considering that this enterprising  
house was started only a year ago, its  
development and growth have been pro-  
digious. From a business that natu-  
rally was small at the beginning it has  
grown up in a twelvemonth to be among  
the leading houses in its line in the  
city, so far as the volume of trade goes,  
and it has distanced many competitors  
in the matter of giving values.

The firm makes a strong feature of  
its credit business and conducts it on a  
system different from that in use by  
any other house in the city. Whether  
cash is paid or goods obtained on credit  
the prices are the same, and the credit  
is extended as cheerfully as the cash is  
accepted. Only small payments are re-  
quired, but generous time is given in  
order to make them.

Just now Hecht Bros. are offering  
great bargains in women's wear, one of  
the strongest being in suits of various  
kinds. These range in value from a  
few dollars to as high as \$50, and can  
be afforded to pay, but whether the  
amount expended be small or large there  
is a liberal value represented in the  
purchase.

The day when none but the rich could  
wear diamonds is past. Persons of  
ordinary means can now obtain from  
Hecht Bros. jewelry and precious stones  
as fine as any that are worn in the city,  
and payment for them can be made  
without danger of financial embarrass-  
ment to anybody.

Particularly strong values in millinery  
are offered at this time, when goods in  
that line are in great demand for fall  
and winter wear. And the large variety  
in materials and styles in this line, as  
well as others carried by the firm, assures  
a satisfactory choice.

"The needs of children are carefully  
looked after by the firm, and the prices  
cannot be improved upon."

## STORK EXPECTED ON VISIT TO FRANK GOULD'S YACHT.

Helenita Is to Be Fitted Up in a Few Days  
for a Long Voyage Abroad.

MRS. FRANK GOULD.

There are rumors that the stork will  
make a visit to the Helenita, Mr. Frank  
Gould's steam yacht, which is now fit-  
ting up for a trip abroad.

Mr. and Mrs. Frank Gould have  
planned this outing for several weeks,

and the supplies now about to go into  
the store rooms of the Helenita indicate  
that they have reached their decision.

The yacht left Larchmont for Oyster  
Bay yesterday, but it is expected back  
within a few days.

BIZERTA, Tunis, Sept. 16.—M. Pel-  
letan, the French Minister of Marine,  
made a remarkable speech at an enter-  
tainment of the municipality yesterday  
evening, which it is expected will cause  
the French Foreign Minister, M. Del-  
casse, some trouble to explain.

After pointing out the importance of  
Bizerta as a bulwark of France, M.  
Pelletan proceeded:

"We do not say we want to make  
the Mediterranean a French lake. We  
have been cured of the dreams of the  
great man who wished us to dominate  
the world. But part of the Mediter-  
ranean is French and will remain  
French."

"With this powerful rampart so  
well situated for defense, and also  
for attack, and with Corsica and  
Toulon, we can hold the open  
door between the two halves of  
the Mediterranean, in spite of  
Malta and Gibraltar."

"Certainly, I do not desire a con-  
flict of peoples against England any  
more than against Italy, but as we do  
not know what others are doing, it  
is part of our duty to prepare for the  
worst. At the end of the nine-  
teenth century, after the defeat of  
France by the barbarism of old Ger-  
many, we saw an offensive return of  
the law of brute force."

"I heard just before I left that the  
insurgents are organizing a new repub-  
lic of Panama and elected Santos Avar-  
dos as its President."

QUEEN OPENS PARLIAMENT.

Wilhelmina Appears to Have Fully  
Recovered Her Health.

THE HAGUE, Sept. 16.—Queen Wil-  
helmina opened the States General  
(Parliament) in person to-day. She ap-  
peared to have completely recovered  
from her illness.

Her Majesty was accompanied by her  
husband, Prince Henry, and the Queen  
Mother.

The Queen's reference to foreign af-  
fairs in the speech from the throne was  
confined to one side or the other of  
the Netherlands with foreign pow-  
ers continued very friendly.

PHILIPPINE VOLCANOS.

Renewed Activity in the Macon,  
Taal and Baluan Districts.

MANILA, Sept. 16.—The Macon, Taal  
and Baluan volcanoes are unusually  
active. The Baluan volcano had been  
inactive for years.

The people residing near the Macon  
volcano are alarmed. No seismic dis-  
turbances have resulted.

## DYING FROM BLOW, YOUTH IS ACCUSED.

Victim, a Brooklyn Man, De-  
clares He Was Attacked on  
Street After Little Girl  
Asked Him for Money.

John C. Finch, fifty years old, of No.  
437 Hendrix street, Brooklyn, is in St.  
Mary's Hospital with a broken skull  
and his face and body badly bruised and  
cut. His injuries may be serious.

Finch has told the police that he was  
stopped at Linwood street and Belmont  
avenue by a pretty fourteen-year-old  
girl, who asked him for 10 cents. He  
said he stopped and talked with her a  
few minutes and that while doing so  
he was approached by a man, who  
knocked him down with a blow of the  
fist. His assailant then kicked him and  
jumped on him until he was uncon-  
scious.

He was found unconscious by a po-  
liceman after the man and girl had fled.  
At St. Mary's Hospital he said the girl  
did not appear to be one of the regular  
street beggars, but seemed to be better  
dressed and cleaner. He could give no  
description of his assailant.

Joseph Cully, twenty years old, of No.  
88 Vanderveer street, was arrested  
charged with the assault. When ar-  
raigned in the Gates Avenue Court to-  
day the prisoner declared that he had  
spoken to a number of little girls and  
that several men hearing of it, surround-  
ed and beat him.

Dora Brunelle, fourteen years old, of  
No. 428 Elton street, the police say, as-  
serted that she saw Cully strike Finch  
with a club.
